

**SCHRADER UNIVERSAL**

REGISTERED U. S. PATENT OFFICE

**MOTOR TIRE VALVES AND ACCESSORIES**

*Schrader Universal*  
**No. 880 Motor Valve Cap**

For use on motor tire valves.

These caps prevent dust and dirt from getting into the Valve-Stem. It is therefore imperative that they are always screwed on Valve after pumping. They also form an air-tight closure when screwed on valve. Top is slotted so that it can be used to remove or insert valve inside.

Price each, .08

*Schrader Universal*  
**Valve Insides**

Used on all types of Pneumatic Tire Valves.  
Packed 5 in a Tin box, 20 boxes to a Carton.

Price per Box of Five, .40

*Schrader Universal*  
**No. 2033 Motor Tire  
Valve for Pneumatic  
Truck Tires**

Large Base Valve for Auto-  
mobile Truck Tires 6" and  
larger. Nos. 2889, 2792, 2415.  
Valves have similar base but  
vary in length, fittings on all  
interchangeable.

- 2889 Valve for WIRE WHEELS, 2 3/4" from base to end  
large thread on male..... Price each, .95
- 2792 Valve 3 3/8" from base to end large thread on male....  
Price each, .98
- 2033 Valve 3 3/4" from base to end large thread on male ....  
Price each, 1.00
- 2415 Valve 4 1/2" from base to end large thread on male ..  
Price each, 1.10

*Schrader Universal*

**No. 3199  
Quick Acting Dust Cap**

Made of brass and steel, nickel plated  
and polished. Intended for the larger  
size tires using a No. 725 type valve.  
Caps do not have to be screwed on  
valve, simply slip cap over valve  
stem, tap it at the top with the  
fingers and it automatically fastens  
itself up against the rim nut or fellee  
of the wheel. It can be removed in  
a moment by pressing the two small  
levers at the sides inwardly, this  
action releases a steel prong at each  
side from the valve threads. Illus-  
tration herewith shows construction.

Packed individually in cardboard boxes, five caps to a set.

Price per set of five ..... 2.50  
Price each ..... .50

*Schrader Universal*  
**No. 2689  
Adjustable Dust Cap**

For use with Wire Wheels where  
valve extends too far beyond the  
rim for an ordinary Dust Cap. Is  
attached to valve by only screwing  
down three or four threads. Is  
made in two parts. Top telescopes  
bottom—Top part is threaded—  
Attach top by screwing on valve  
by a few turns, then pull down  
bottom part over valve until it  
rests on rim nut of valve. Dust  
Cap will not shift or loosen while  
car is in motion.

Price each . . . . .30

*Schrader Universal*  
**No. 2081 Hexagon  
Rim Nut**  
For No. 725 Valve

Price each, . . . . .05

*Schrader Universal*  
**No. 2026 Bushing**  
For 777 Valve.

Price each, . . . . .06

**MOTOR TIRE VALVES AND ACCESSORIES**

**Schrader Universal**  
**No. 777**  
**Motor Tire Valve**  
Standard size for 3" tires and under.

**Schrader Universal**  
**No. 725**  
**Motor Tire Valve**  
Standard size for 3 1/2" tires and over.

No. 777 Valve complete without Dust Cap.....  
Price each, .48

No. 725 Valve complete without Dust Cap.....  
Price each, .61

No. 792 Valve complete without Dust Cap.....  
Price each, .65

The No. 792 Valve is same as No. 725 except it is 3/8" longer. Is regular valve for Demountable Rims.

No. 1822 Valve complete without Dust Cap.....  
Price each, .58

The No. 1822 Valve is same as No. 725 but is made short for Wire Wheels.

**Schrader Universal**  
**"KWIKONANOFF"**  
TRADE MARK

**No. 3172 Dust Cap**  
For Motor Tire Valves

The function of Dust Caps is to keep dust and dirt away from the Valve Threads and it is imperative to always have them on valve. They give your valves a finished look which enhances the whole appearance of the car.

Made substantially of brass, nickel plated, cannot rust. Are put on and taken off tire valve "quick" thus eliminating the trouble of screwing the cap the entire length of protruding valve stem.

Simply slip cap over valve stem and give about a half turn to the right until tight. To take it off reverse the operation and the cap can be instantly slipped off. Can not jar loose while car is in motion. Four to a package.

No. 3172 and 3219, Retail price per set of four .50

**Schrader Universal**  
**Tire Pressure Gauge**

Nothing is as essential to the long life of tires as air. The only way to know whether or not your tires have enough air is to measure it with a reliable tire pressure gauge. The SCHRADER UNIVERSAL Tire Pressure Gauge is such a Gauge. Convenient in size, simple and absolutely accurate. Endorsed by Tire Manufacturers as the most reliable gauge on the market.

Directions: Remove valve cap. Press gauge squarely but firmly over mouth of valve. This will let the air into the gauge and cause the indicating tube to emerge until on a line with the figures representing the pressure inside the tire. The indicating tube will remain at this line until pushed back into the gauge shell. Each in leather case.

Price each, \$1.50

**Schrader Universal**  
**No. 2789 Tire Pressure Gauge**

For Pneumatic Truck Tires with right angle foot making it possible to use gauge between the spokes on heavy truck wheels. Indicating sleeve calibrated from 30 to 170 lbs.

Price each, \$2.00

**Schrader Universal**  
**No. 2069 Dust Cap**  
For motor tire valves.

No. 2069 Dust Cap, regular

Price each, .11

No. 2070 Dust Cap, regular

Price each, .12

No. 2070 is same as regular No. 2069 but is 3/8" longer.

**SCHRADER UNIVERSAL**

REGISTERED U. S. PATENT OFFICE

**MOTOR VALVE ACCESSORIES**

*Schrader Universal*  
**No. 2815 Pump Connection**

It does away with the trouble of disconnecting your air hose in order to take the pressure with your tire gauge. The vertical part becomes really an extension of the Valve itself. The pin in same pushes down the valve core when you place the gauge on top of it. A power or hand tire pump is not complete without it. It is arranged for quick renewal of seat washer.

Price each, .50

*Schrader Universal*  
**No. 2815 Pump Connection**  
Put up in dozen lots on counter display cases.

*Schrader Universal*  
**No. 3037 Valve Repair Tool**

Effects quick and proper repair of Cap Threads and Inside Threads of Valves.  
New Features:--Deflator in side-socket empties inner-tube of air. Larger diameter swivel nut which provides more convenient removal of Valve Inside.

Price each, .35

*Schrader Universal*  
**No. 3037 Valve Repair Tool**  
Put up in dozen lots on counter display boards.

*Schrader Universal*  
**Inflating Valve**

No. 2866, 1/2" Shank for 1/2" hose  
No. 2867, 7/16" " " 3/8" "  
No. 2868, 3/8" " " 1/8" "  
No. 2869, 5/16" " " 1/4" "

For Garages and Street Lines in connection with Power Pumps. Works automatically and gives instant service and will not injure valve inside. Guaranteed not to leak. Is protected by Outside Rubber Cover.

Price each, \$1.50

*Schrader Universal*  
**No. 3074 Star Wrench**

For screwing down Hexagon nuts on Motor Tire Valves. Hexagon on one side for 777 and on other for 725 Hexagon Nut.

Price each, .25

## PERFECTION PUMP COUPLING

For use with all tire valves, foot pumps, etc. Made with threaded connection and stem to fit 3/16 inch air hose. Constructed of brass and steel. 25 in box.

Perfection Pump Coupling. List Price Each.....\$ .15

## ACORN PUMP CONNECTION

A simple, universal type of Pump Connection that fits all valves. Acts by a washer being forced against valve forming an

air tight connection. Body one piece to insure long service. Packed 50 in box.

Acorn Pump Connection. List Price, Each.....\$ .20

## "THUMB-LOCK" PUMP COUPLING

Used as standard equipment on many leading tire pumps. Works as shown in illustration, locking when slipped over valve. Quick, positive, leak-proof. Washer may be easily renewed.

Thumb Lock Pump Connection. List Price, Each, \$ .50

Packed 12 on neat counter display card.

## ACORNETTE PUMP COUPLING

Very similar to the Acorn Pump Connection but made with a reduced barrel to prevent buckling of washer. Preferred by many to the regular Acorn Coupling.

Acornette Pump Connection. List Price, Each \$ .20

Packed 10 on neat display card.

## RED CORE ACORN WASHERS

Best quality tough red rubber—the finest quality washer for use on Acorn type Pump Connections. 100 in box.

Red Core Acorn Washers. List Price, per 100.....\$1.75

## SCRADER DEFLATING CAP

PRICE  
7 cts.  
EACH.

REG.  
U.S.  
PAT. OFF.

For easy deflation of tires and tubes without removing valve insides.

Schrader Universal Valve Deflating Cap.

List Price, Each.....\$ .07

## TWITCHELL TIRE GAUGE

Particularly recommended for its locking device which makes the reading absolutely accurate. Figures are plainly marked in white on a black background. Easily read even in the dark by feeling the notches.

## Counter Display Case

You can sell a dozen from this Display Card faster than half a dozen packed away on your shelves.

A handsome counter display case containing 12 individually boxed Twitchell Gauges furnished free of charge with all orders for 12 Twitchell Tire Gauges.

Twitchell Tire Gauges. List Price, Each.....\$1.50

## 3-IN-1 VALVE TOOL

A small, compact tire valve rethreading tool with valve cap, center guide reamer, and valve stem die.

3-in-1 Valve Tool. List Price, Each.....\$ .25

## 4-IN-1 VALVE TOOL

Equipped with center guide, reamer valve tap, valve die, valve wrench, etc. A thoroughly practical tool.

4-in-1 Valve Tool. List Price, Each.....\$ .35
